I am the third generation of my family to have the honor of working with Arbie. He left many good memories for all of us to cherish and was a pleasure to work with. All of us, from the Aden family, express our condolences and prayers for Arbie's family.

It is very saddening to hear of Arbie's passing. I would like to extend my heart felt condolences and lots of prayers to Arbie's family. I worked with him at the new Frontier for many years. Arbie worked the Maintenance side and I was on the Inspection side. Due to our positions in the company we had gone nose to nose a few times but from my experiences with Arbie I always found him to be very professional, trustworthy and honest. I learned a lot from Arbie and I had a great deal of confidence in and respect for the man. I never told him that, another regret one stumbles across as we get older. Arbie, my friend, you will be missed to say the least. Have a safe trip sir and may God be with you always.

Unfortunately, I will not be able to attend the services but I wish Arbie's family and his many friends all the very best during this difficult time and in the future.

I had the pleasure of working with Arbie for several years, both at the old Frontier and the new. At the new Frontier he ran the terminal maintenance operations at DIA and played a large part in Frontier's success. I am greatly saddened at the news of his passing. He will surely be missed.

God's blessing to all his family.

My thoughts and prayers to Arbie's family. Arbie touched the lives of many in the Aviation industry, great memories and knowledge shared will continue to be part of my aviation career. As he told many of us "living the dream". God bless.

I was saddened to hear of Arbie's passing. My prayers and condolences go out to his family. Arbie was my first Supervisor when I started my career at Continental Airlines in Denver. I will always remember Arbie as a great man, mentor and friend. I am truly blessed to have known and worked with him. We spent many hours working on his Mustang and many hours he shared his wisdom with me. Gods Speed Arbie, you are and will be missed.

Arbie was such a fine man - unparalleled professionally but most importantly, an incredible gentleman who conducted business and life in the best of ways. My thoughts and prayers to all of the family and friends - I will be unable to attend the services, but please know that he touched so many lives in an unforgettable way - including mine.

Sincerely,

~ Jeff Potter, Aurora, Colorado (ex-CEO, new Frontier Airlines)
