I had no idea. I've been wondering why I hadn't heard from her. The last time we talked she was in Philadelphia. I'm in shock. Please message me and let me know what happened. Robin was so beautiful. I can't believe she's gone.

When I think about Robin, I think of her big broad smile and boundless energy. She was a beautiful woman who always had a great sense of style who was passionate about everything she did. Rest in peace, Robin.

Robin was always so kind and loving to me throughout junior high and high school. I will always remember her as pure of heart, faithful and full of life. She was the envy of all, melting hearts wherever she went. Her laughter was infectious her spirit contagious.

Northglenn High School, class of '1978' will keep her alive with magnificent memories, outrageous stories and the knowledge that there is a piece of Robin's heart that will live on in all of us. She will never be forgotten.

Rest in peace sweet angel. With undying love.
