I was so sorry to hear of Sandy's passing. I was out of state and did not know till reaching home December 13. Sandy had a wonderful, warm personality. It was always like catching up with an old friend when I would see her. My husband, C.E., who passed in 2010, was a Sandy fan. Her brother Bill and Sandy meant alot to him. Great video and alot of good memories...that's important...love to the family, Joleen Welch

Jack and family-Sandy was my 1st cousin (our dads were brothers)So sorry to hear of Sandy's death. She was such fun and a great asset to our Regan family. I am so sorry but we (my family) will not be able to be there for Sandy's wake or funeral as we will be attending a family wedding in Atlanta Georgia. All our prayers go with you and your family.

Dear Jennifer, Karen, Kelly, and Mr. Berry,

I have to say that I absolutely positively adored Sandy. I remember her chasing Jennifer around the house trying to kiss her and Jennifer running away with Sandy chasing after her. It was absolutely hilarious watching those two interact. And Sandy's laugh, oh my gosh, what a great laugh! That woman had such spirit; always smiling and loving life. She loved her family through and through. There was no one quite like her. God bless and rest her soul. She was truly special.

All of our love and condolences,

Karen (nee Lowe) & Mark Pape

Although I am retired and no longer live in the area, I remember Sandy from the State's Attorney's Office when she was victim's advocate. Sandy was passionate about her work, compassionate toward victims, and always had a

smile on her face. The State's Attorney's Office lost a champion when she retired and the world has lost a friend in her passing.

I worked with Sandy at Fannie Mae for years. We had so much fun! She had the best humor. What a gem!!!

I'm so sorry about your loss. She was a very sweet woman and I had the pleasure of meeting her a few times at Jennifer's home. She was a lot of fun.
