

CAROL LOUISE WOLFE

Dec 18, 1943 - Dec 9, 2023

Carol Louise Wolfe was a Frontier flight attendant from 1970 to 1986. She passed away on December 8, 2023 after fighting Alzheimer's for about four years. She would have been 80 years old on December 18th.

She was in memory care for less than a year as her husband was able to keep her at home. Everyone in memory care loved her because Carol always reached out to everyone and said oh I love you, I love you, I love you, she always kept up her wonderful, sweet personality . She flew out of Dallas until that base closed and then she moved to Denver and flew out of there until the end. She was involved with the flight attendant safety committee and also did recurrent training for the flight attendants. After Frontier she worked for MCI for a while and then went into real estate.

Carol is survived by her husband of 23 years Michael Honeycutt. She also leaves behind a sister Susan Burney, a brother Danny Wolfe, and a brother David Wolfe. Also several nieces and nephews. And her beloved cat, Bentley. And lots of friends and extended families that loved her dearly and will miss her forever.
