

ALEA, YOU, AND COUNCIL STRUCTURE

FL/ALEA membership increased 11.7% the first half of this year to nearly 2500. Break down by classification; station agent — 1324 (53.6%), reservations — 514 (20.8%), clerical — 268 (10.9%), ticket counter agents — 243 (9.8%), other, such as crew schedule, network and data control, provisioning — 121 (4.9%). Our increasing numbers make it even more important for our members to follow the chain of command in union matters. Far too many members are bypassing their local officers and contacting Chicago, Industrial Relations, the MEC Chairman, and the Regional Director directly. Consequently, a few people are being swamped while local officers are left out. The local officer can usually help, and they certainly should be involved. Thanks for your cooperation. Many of the Second Poll responses indicated that members did not know their Council or Sub Council. FL/ALEA has 10 Councils, each headed by a Chairman, and 27 Sub Councils, each headed by a Secretary. Sub Council Secretaries, with the Council Chairman noted as (CH), are as follows:
