

EARLE RADFORD MORRIS

Guestbook

Lynn Perry

August 9, 2017

We are deeply saddened by your dad's passing, and will miss him terribly.

He brightened our day, watching him drive to the dog park, working in his yard, and always tinkering in his garage with a huge smile on his face.

I enjoyed reading about all of his accomplishments, and loves.

What a life he lead!

Our thoughts and prayers are with you all.

Brett, Greg, and Kelly,

I'm so sad to hear about Uncle Earle's passing.

This was a beautiful tribute to him. He clearly loves his family with all his heart.

Brett, Greg, and Kelly, I'm so sorry for your loss. Uncle Earle was an amazing man. I learned so much I never knew about him through this tribute. What a special person! He will be missed!

We are very sad about your Dad and we will miss him very much. He just came by our house the other day to return our loose 'junk yard' (as he would jokingly say) dog back home. Our thoughts and prayers are with your family.

Brett, Greg, and Kelly, I'm so sorry for your loss. We loved your dad. It was always a great day when he and your mom would come to Utah for a visit.

We would always bug your dad to sing to us or play his banjo. I remember his beautiful voice!

When you were all young I was babysitting you one night and after you were all asleep I sat down on the couch and eventually feel asleep myself only to wake up to your dad making a terrifying vampire face and making 'bla,bla,bla' noises inches from my face to wake me up.

Your tribute was beautiful and I love the pictures. What a great man—he will be missed, but I believe he and your mom are together now.

Love you guys,

Aunt Cork

He sounds like an amazing man. I did not know him, but it appears my cousin Robyn married a great guy!

Kelly, Greg and Brett, how sad I am to hear of your father's passing. Your parents were truly exceptional. I loved and admired them as individuals, parents and especially as a couple. Your beautiful words about Earl show your amazing love for him and your family. Things I vividly saw and now have words to verify. Thank you for sharing. God bless you at this tender time.

A good fellow has Gone West☺. Earl was a friend and colleague from our glory days with the original Frontier Airlines.
