AN INSIDE LOOK AT THE DEATH OF FRONTIER AIRLINES

by **Captain Billy Walker**

(Part 3)

(Billy added these comments 2/16/99 after reviewing his essay of 1987 which was printed in the previous two issues. Many thanks to Billy for sharing his information and insight with us.)

Glen Ryland was fired by the O'Neils when we went to complain about the destruction Ryland was doing to our airline. We objected to the fact he ignored the airline and concentrated on monumental blunders like the catalog company, DFW training facility, and, of course, our then newest nemesis, Frontier Horizon.

Jerry O'Neil agreed and canned Ryland. Then, discovering Frontier was worth more dead than alive, he hired Hank Lund to liquidate our airline. To Hank's credit, he sided with the employees and was replaced by O'Gorman. O'Gorman looked bad to us at first, but then he got in step with the employee buyout. However, ol' Joe could not get along with Don Burr at Peoples Express and left for United. Larry Martin was a nice guy, but incompetent.

Later when Burr announced he was willing to sell all, or part, of Peoples Express, I called O'Gorman (by then back at United as a VP). I asked Joe if he thought UAL might want to pick up FAL in light of Burr's announcement. Quickly, O'Gorman called back and invited the coalition out for a hush-hush visit. Remember, the employees had bought a contractual right to have a strong voice in the Frontier corporate matters by virtue of the October 17th Agreement with Peoples Express.

Myself, Carolyn Boller, and Lorraine Loflin went to Chicago. The IAM was off on their own by then and the TWU rep couldn't go. So the three of us went and met with O'Gorman and David Pringle (UAL HR). It was a satisfying meeting after which they personally drove us over the the UAL pilots and F/A's MEC offices. That meeting went well too. So we all crossed our fingers. That was on June 26th, 1986.

On July 9th, I received a call from Pringle who told me the next day UAL would announce they had purchased Frontier!. This was a high point in my life! On July 10th, UAL, in fact, did announce the purchase of Frontier. We employee leaders were asked to meet with UAL representatives at the FAL board room that Saturday.

From a fantastic high on the 9th, I went to one of my lowest when Pringle showed up in very casual attire along with his horse holders equally casually attired at our appointed Saturday meeting.

We were all dressed up in our finery expecting to hear good things about the UAL/FAL merger. This is when we were shocked into the reality that Buzz Larkin was, perhaps, right all along..."All roads lead to liquidation."

Pringle announced that he was unwilling to discuss anything with any of the groups represented there except the pilots and that if UAL reached an agreement with the Frontier pilots, he would then speak to the other groups.

In essence he was asking the Frontier pilots to abrogate the UAL pilots contract! Simply put, he wanted to use us to beat up on the United pilots as pay back for the strike in 1985!

Well, the rest is history albeit a sad commentary for business ethics and the fact that Frontier never had a moments disruption to its schedule in its 40 years due to labor unrest. Go figure!

THE DAY FRONTIER REALLY DIED

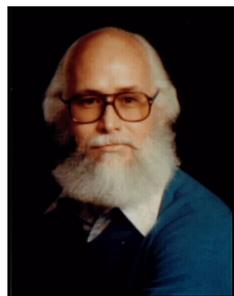

by **H. Lee Davis**

A note in the *NEWS* said Frontier died in August, 1986. It did as a flying airline. However, the actual corporation death occurred May 31, 1990. That was the day that Continental was allowed to take possession. Until that time we were separated from CAL by the bankruptcy court. It was also the date that we closed the corporation operations. I turned keys, building and files over to CAL at 6:30 pm on 5-31-90.

I am only pointing this out because of the oddity that Frontier survived for 40 years to the day. It started June 1, 1950 and was no more May 31, 1990.

Anyway, it's a way of life that is gone!

The FRONTIER NEWS is published quarterly and dedicated to ex-employees, friends, family and fans of the "old" Frontier Airlines which died on August 24, 1986. It is a non-profit operation. All income goes into keeping the NEWS going. Opinions expressed in this newsletter are those of the author and not the editor or the publication. Publishing dates are October for Fall, January for Winter, April for Spring and July for Summer. Articles and photos are welcomed and subject to editing and space requirements. We cannot pay for such items but will give credit as appropriate. All submissions should deal with the "old" Frontier Airlines. Especially welcomed are stories of personal experiences with a humorous slant. All airline employees have a treasure trove of such stories. Please share them with the rest of the FLfamily. We also want to publicize ALL "old" Frontier gatherings. Be sure to notify us with details: place, date, contact and so forth. They will be published in the "Timetable". Subscriptions are \$10 per year. Text ads are \$5 for 20 words, \$10 for 40 words, \$15 for a business card, \$20 for 1/8th page and \$40 for a quarter page. Tell others in the FLfamily about the FL NEWS. Give a subscription as a gift.

We've expanded this issue to 12 pages so that Ken Schultz' FLfamily deaths database can be included in its entirety. It's a great piece of ongoing historical research by Ken. It covers mostly folks in the maintenance field. Ace Avakian, editor for the FL Retired Pilots Assn. quarterly newsletter, publishes a list in each issue of FL pilots and dispatchers who have "flown west". Subscriptions are \$15 annually. Contact Ace at 17 Oak Ridge Drive, Castle Rock, CO 80104, 303-688-3852, or by email at AceAvak@aol.com

There are now 302 folks on the mailing list. 126 are paid subscribers. For most of the rest of you this will be your 3rd & final complimentary copy. I hope after three issues you will think the NEWS is worth supporting to keep the Frontier Spirit alive and will subscribe. This issue alone cost nearly \$500 to put out. The complimentary list will be severely reduced for the Summer issue.

It's getting reunion time for a lot of ex-FLers so please let me know of planned events so they can be put on the *Timetable*. The main reason for the NEWS existence is to help re-unite the FLfamily and foster communications between us.

LETTERS

Letters may be edited and paraphrased for space

Sorry I have not been able to attend the FYV/FSM PIGNIC although I certainly wanted to. I do plan to attend this year for sure. I will get Marvin Conn, Glenn Halstead and Donna Norman and we'll all attend. Congratulations on the Frontier News publication. I have enjoyed reading it from cover to cover and the two part series on the death of Frontier Airlines. I'll be sending you a check by snail mail for my subscription. You are doing a great job with the newsletter and keeping the old airline people informed. I see both Glenn and Marvin once a month at our SKAL Club. I'll tell them to get all their FL keepsakes together and we'll bring them to FSM in August. After retiring from DL, I helped open the Alamo Rental Car office in LIT. Then I got into the travel agency business for about 5 years but sold my interest over a year ago. I was happy staying home doing very little until Holiday Inn Select in LIT called to offer me a part time job making outside sales calls on corporate accounts. Now I do that 3 days per week. I'll see you at the Pignic. **-Cecil Tennant, LITDL Sales Manager** (*Cecil provided free first class DL non-rev tickets to FL folks in Ark. for many years!*)

I went by the Frontier hanger this last weekend and it is being torn down. I got to see it being built, and am sad to see it go. **-Eric Mason, DENTT**

(After FL's demise) I went to work for AirCal, about 3 months before the American-AirCal merger, so I grandfathered into American Airlines. Worked for American in Reno until American "outsourced" the operation in Reno. I had enough time by then to get some American retiree benefits, so I took American retirement, and immediately (next day) went to work for the outsource provider (Worldwide Flight Services). Worked for that company until American did a major flight reduction in Reno in 1999. Have been semiretired since then. Have a small part-time contract deal with PriceWaterhouseCoopers, which takes about 6 or 8 hours each week.

Jimmy Johnson went to work at the Reno Post Office, sorting mail at night last I heard. I haven't heard from him in years, though. I kind of lost track of everyone else. I saw Jim Trabert's ex-wife a couple of times (she worked at Macy's), but not in years. Bill Goodyear just flat out retired, I think. Vince Davis went to work for the City of Reno as a business license inspector. Larry Zentz moved to Las Vegas, and (I think) went to work for some airline. John Pappas (the manager) went to work for America West, in the tour department and moved to Phoenix (I think). John Keith moved out to Fernley (30 miles) and had triple bypass heart surgery. Last I saw him was 5 or 6 years ago. He was doing part-time handyman at a truck stop/cafe. Pete Randall went to work as a city fireman in Sparks (next to Reno). Jim Booth had already died (of cancer) before the bankruptcy. Alan Smith (fairly new employee) went to work for AA. Last I heard from him he was back in Reno again, still working ticket counter for AA. That was about a year ago. Sam Cales tells me he may go to work part-time at the Reno airport as "Ambassador", which is kind of an information booth/travelers aid service. **-Joe Max Johnson, GUC DEN JLN FSM RNO**

Bill Sanders, agent at Hot Springs and Little Rock, had heartvalve surgery March 1st and is on his way to recovery. He came home from St. Joseph's Hospital March 8th.

There is a museum starting in Ft. Smith. It is temporarily in Phoenix Village Mall. It will have a place in the new terminal building (when built) at the FSM airport. Wayne Haver, Principal of Southside High School, is the man in charge.

The purpose of this museum is to highlight FSM area aviation and airline history. He has some Frontier and Central artifacts but would like more. Tony Worden and Larry Thomas have furnished some things. **-Warren McLellan, FL pilot** (*It would be a shame for our FL collections to get lost after our deaths. Donate them to a local museum in your will or make donations now.*)

I hired on with FL 8/8/56 - 30 years - worked at FMN OMA HSI BFF GDV and DEN. Still keep in touch with some.

-Orville "Whitey" White, Agent (*Thanks for sending Don Carman's obituary, Whitey!*)

My name is David Koepp with a hire date of August, 1960. I was hired by Art Davis to work in the stockroom. In May of 1962 I went to work as a maintenance scheduler for Jim White and George Swonger. Then in June, 1966 Don Brady hired me as an A&P mechanic and I worked with Joe Coopersmith. June 1975 I went to work in the instrument shop for Roy Deeming and remained there until Frontier closed down.

I'm now working for USAirways in avionics at Charlotte, NC. I started with PI in ROA, then in PIT for about a year and then GSO for a short time. I finally moved to CLT because of the GSO shutdown. **- David Koepp, DENMM**

I appreciate you sending me the FL NEWS. I'm 70 now and I sure am surprised to see the deaths in the old FL family. I still call Marshal Dake. He is the one who shut me & Ed Ciscowski in the rear cargo pit of a 737 in SGF and we got out in ICT. It was an interesting trip to say the least. I still remember the DC3-CV600-580s in HRO. I took the weather and sent it every hour. **- Don Naile, longtime HRO agent, then SGF.**

(The agents in FYV once trapped a possum which wandered up on the ramp & put it on the next 580 to HRO in the cargo pit with their offload. Hours later, not hearing anything from HRO, they queried them about any unusual offload. Don replied "It's in the pot already". HA)

Tom Frye, famed shooter, used 1286 shots to outline this 737 on a 3'X6' sheet of aluminum. He did it for Jackie Pfeiffer in 1980 who was an agent in BIL at the time. 737 numbered & signed prints were made of this great piece of art. One was presented as a gift to President Reagan by Montana's U.S. Representative Ron Marlenee. Jackie still has some for sale. They are 25"X30" and are spectacular Frontier Airlines' memorabilia. The price of \$35 includes postage. Jackie also has the framed original for sale and the price is negotiable. Contact Jackie Pfeiffer, 4232 Morningside Circle, GTF 59405, 406-761-3357.
