Posted pic of Frank with Ron and John:

I had a great letter today from DEN flight instructor Frank Meyer.

He was at FL 1967-86.

Frank Malone

You guys are looking great. Frank is still the best instructor I've had except maybe for Billy Walker

John Hoffman

Best ground school instructor I ever had, both military and civilian

Jake Lamkins

I'll be answering Frank's letter and will include everyone's comments. He's not online. Frank holds the Distinguished Flying Cross from the Korean War where he flew fighter jets.

Billy Walker

Frank Meyer is the guy we all try to emulate as instructors. Simply, he's the Best of the Best. He is also the only one who was ever made "Honorary Frontier Captain." We all felt he should have been given the opportunity to fly the line at Frontier. Most of us would not have passed the FAA orals without his tutoring. Frank flew unarmed P-80 recon missions during the Korean War - the most dangerous mission... Ron Gallop and John Green recently visited Frank and got some terrific photos. Frank is a Great American and very special to our Frontier Family.

Jack McLaughlin

Frank is a great guy and terrific instructor. He even managed to teach ME a few things. Say hey for me too.

George Fay

Fantastic Instructor and friend!

Billy Walker

Also, it is Frank Meyer's birthday in 7 days!

Ginger Treptow

I consider him a good friend, know he can't attend the Reunions in Phoenix any more, but know he is loved and we keep him in our thoughts and prayers. Greetings Mr. Meyer. Miss you a great deal. Take care.

Ken Larason

Frank was my Instructor on the CV-580 and the B-737, enjoyed his classes. Say HI for me.
