## People . . . Places . . .

LAVORA MEYER, SLC/Stew, is planning a fall wedding.

S/A TONY ILLICH and family vacationed around DIK, and S/A CHARLES SCHLENER and family week-ended in BIS, attending Chuck's grandmother's birthday. Both men are stationed at COD.

GORDON BOST, S/M-MLS, has been chief cook and bottle washer at his house while his Mrs. was down with the measles. Ah, me!

In need of some Arizona sunshine, ANNA LEACH, DEN-CTO, spent a short time in PHX.

SHELIA NELSON, formerly of DENR, was married in April.

DEAN HEAD, S/A-RIW, vacationed in eastern Nebraska. Soon he'll go Frontier.

Three S/A's at GJT took their vacations this MAY. They are KENNETH HETT, DONALD KOUGHN, and CHARLEY CARPER. Wonder where they went?

DUANE MILLER, S/A-INW, drove to Iowa for his vacation, and he will bring his mother back for a vacation in the "Sun country."

SLC-Capt. AL MOONEY and wife visited Mexico City and went deep sea fishing (see picture).

STEVE BIRD, S/A-MLS, scout master of MLS Troop No. 47, accompanied the troop on their first overnite camp for 1958.

PETE COUK, S/A-PHX, is showing off his new Renault . . . that is whenever his wife will let him have it.

Vacation fever invaded DENR . . . SUE GREEN visited with home folks near FSM, and MARY JANE McCLANAHAN is going to BUO. BILL BATES, will spend most of his vacation with his family and fishing near ALS.

Wonder who remained in SLC? JEAN WIGHT, Stew, and her mother toured NYC and vicinity. BERT HALL, Capt., and wife flew via BLA to Palm Springs to visit relatives. W-e-l-l, AL KENDELL, Co-plt, stayed home and worked in the yard.

OKEY WILLIAMS, S/A-INW, is flying to Ohio to visit family and friends.

HARVEY THOMPSON, new agent at RKS, is from one of Frontier's future stops—St. Joseph, Mo. Welcome to Frontier!

From OLF to another future Frontier station, Minot, went S/M Lloyd Redmer and the Mrs. for a vacation.

LES BENDICKSON, S/M-POY, and family have just returned from a vacation in Kansas and Minnesota.

Disney Land, Marine Island and LAS were the vacation attractions of the GEORGE VELDBOON, SLC-Co-plt, family.

**DISGUISED . . .** Such a wonderful catch of Marlin by FL's Captain Al Mooney of SLC warranted a picture postcard. He's the one with dark glasses . . . the others weren't identified. But, Al, they're not trout! Anyway, congratulations.

## Odds . . . Ends . . .

There's something about FRONTIER! It just seems that some of the FL-ites just can't get away from it. To those FL-ites who like the Lookout Mountain trip, we suggest stopping off at the FRONTIER MUSEUM. You can see more than 35 antique and classic automobiles, horse drawn equipment, Civil War and Indian Relics. This museum is owned and operated by GARNET BRINKEMA'S father. Garnet is a key punch operator in IBM. \* \* \*

Band Day was held in ISN on May 17. More than 50 bands participated, including the Royal Mounted Police Band from Regina, Sask. \* \* \*

RIW agents adopted a dog as a mascot. Now they have seven: 6 puppies. \* \* \*

It's strawberry and pigeon time again for SLC station. Flt 15/02 left SLC loaded with 750 lbs. strawberries in front pits and eight crates of pigeons in rear pits. The strawberries are trucked to SLC then forwarded to GJT by air freight. 3390 lbs. of strawberries have been shipped to date. The pigeons belong to the SLC Pigeon Club, and were shipped on to TUS, where they were turned loose for racing reasons.

## Officers elected in Sunliner Club

Old and new officers of the SUNLINER CLUB will have their annual dinner get-together the first part of June, which will also be the 4th anniversary of its founding. Newly elected officers are: Tom Makurat—president, DENT; Dean Aden—vice president, DENM; Peggy Cullen—secretary, DENZ; Gordon Shaffer—treasurer, DENZ; Swede Nettleblad—Welfare, DENO; Earl Fischer—athletics, INSPECTION; Peggy Lenig—DENT, and Mary Warhover—CREDIT UNION, are co-chairmen of social activities; and Marian Wells and Bill Hamilton—both in DENP—are co-chairmen of publicity.

## Sunliner News does it again

Print a picture or a story in SUNLINER NEWS and it's bound to show up in print somewhere else. That's what happened to the Italian newspaper report on Frontier, and now it has occurred with a picture in the "Frontier News in Pictures" in the April issue.

It's the hanging of a picture in the office of Grant MacCurdy, manager of Prescott's airport. Miss Jean Pearson, who is a feature writer for the Detroit Free Press and who receives a copy of SUNLINER NEWS, wrote to MacCurdy: "It's nice to see old friends even in the paper."

A story about it appeared in the Prescott Evening Courier on April 23. The airview of the airport was taken by Frontier's publicity director, Ed Gerhardt.

## People . . . Places . . .

(Continued from Page 1, Col. 1)

SLC/M LEONARD JOHNSON is looking forward to his son's arrival home. Ronald has been in Sweden for two and a half years for the LDS Church.

The gals in DENR are planning to get uniform skirts and blouses. What style?

CORWIN KITELINGER, S/A-RKS, has joined the Wyo. National Guard.

Snake meat, anyone? RALPH REA, S/M-SVC, killed 5 rattlers at the airport in April. Sorry, Ralph, no takers in DENU.

DENS reports that HARVEY SCHIERMEYER has a real fine time on his vacation in Nebraska. JACK ROGERS, SSA, became the proud owner of a 1957 Ford station wagon, and OLIVER BRUNZ finally got tired of his old 1942 Chev. pickup and now has a 1951 model.

The parents of JOHN SANDBERG, S/A-ISN, are on a tour of Europe—Russia, England, France, and the World's Fair.

RALPH FISHER, S/A-SVC, went trout fishing and rock hunting on his vacation near PHX and Payson, Ariz.

A 1929 CHEV has been purchased by S/M GLENN EMMONS of ISN. He's going to rebuild it and use it to drive to work.

Have you noticed that quite a few FL employees vacation somewhere on Frontier's system? RALPH REA, S/M-SVC, is doing just that in July. DRO had drawn his interest this time.

MARY JO EDWARDS, SLC-Stew, has a keen interest in Link Training System. She hopes to have her license in a short time.

FL-ites visiting SLC should take a look at the new station office and reservations. LOU BERETS, SLC-S/M, did most of the work, and the SLC gang is proud of it.

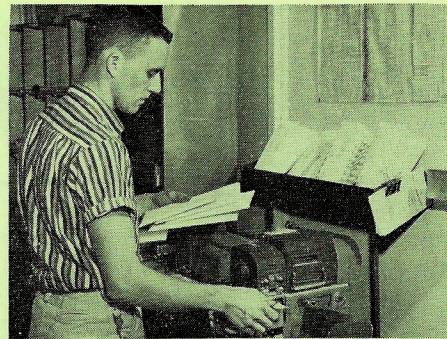

GERI ANDERSON, Chief Stewardess-DEN, recently attended the National Chief Stewardess meeting in Chicago.

**A HOLIDAY CHEER . . .** Work at Frontier's GO was put aside for a short sojourn in Europe earlier this month by (l. to r.) Lucy LaGuardia of Log Office, Carl Nelson, an industrial engineer at United-DEN, Bobby Perlov of Regulations, and Jo Ann Pershin, stewardess-in-charge at DEN.

Lenora Dorothy Boyd

Herbert Dale Obenhaus

## Meet . . .

### Two favorite Frontierites

Rare today is the smile that glows with innocent charm and brings a sparkle to the eyes, yet here at GO are two quiet, efficient co-workers who have this quality and who pleasantly go about their work. This consensus is not only held by their immediate supervisors but many other fellow workers at DEN.

These qualities brought about Lenora Dorothy Boyd's advancement from accounting clerk in air freight to cashier. The major part of her new job is receiving and recording payments of accounts receivable. And she also cashes personal checks of many of the GO employees. Lenora became a Frontierite in May, 1954, just three days prior to graduation from Central Business College here in

DEN. She is also a graduate of Page City, Kansas, Consolidated High School. And even among her bowling mates she is known as the "quiet" one, who occasionally comes up with a sparkling comment.

In contrast to many other mail boys around GO in the past is Herbert Dale Obenhaus, who joined FL in October, 1957. The tons of mail received at GO is sorted and delivered three times daily to the various offices and, in turn, he picks up all outgoing mail. Once or twice a month the load of outgoing mail climbs high, and every six weeks \$1000 is spent for postage. Herb is a graduate of Cathedral High School in DEN, and is a jet engine mechanic in the National Guard.

## Swap or Sell

(Continued from Page 1, Col. 3)

**TRADE . . .** A Kenmore wringer-type washing machine in good condition for sale or trade. Wanted a small 1-cyl. gas engine in running condition. W. Reynolds-A/C O'Haul-DEN.

\* \* \*

**WORK . . .** 14-in. electric lawn mower, 1/2-HP motor and a 16-ft. house trailer, unfinished. Make offer or swap. See Homer A. Wyman, O.H. Painter-DENM.

\* \* \*

**EXERCISE . . .** Boy's 24-in. bicycle, new tires, new pedals, new FL paint job. See H. G. Jones-DENM.

\* \* \*

**FISHERMEN . . .** Miscellaneous fishing equipment: reels, poles, fly hooks for sale or trade. Z. M. Burns—DENM.

\* \* \*

**WORN OUT . . .** Will swap one well used love seat for an occasional chair. Seller unknown.

\* \* \*

**ROCK HOUNDS . . .** Ralph Fisher, S/A-SVC, is interested in swapping some Montana agate or other gem rock for some good New Mexico agate or whatever anyone can get. If anyone in Mont. will send some Montana agate, he'll send a piece of jewelry made from same. Write him at P. O. Box 454, Hurley, N. M.

\* \* \*

**MODEL "T" . . .** Anyone knowing whereabouts of any Model T parts or complete Model T cars which could be rebuilt contact Art Trevithick, S/A-CEZ. Art now has two "T's" which he is rebuilding and is in need of tires, fenders, bodies, etc.

## Family Additions

Two little baby boys arrived at LAR and SAD. The proud parents are S/A and Mrs. Ray Spiars of LAR, and S/A Kerry Allen and wife of SAD.

Three little girls arrived at PHX. One each to the Charlie Southerlands, Tom Pucketts, and W. E. Stevens.

## Editor's Corner

In the some two and a half years of editing the *FRONTIERSMAN* never has this desk been so deluged with news from around the system. Could it be the recent change?

\* \* \*

"A Holiday in Colorado" was written by one of Frontier's most frequent travelers, Bill Brenneman. This is a second in a series of articles on vacation spots on Frontier's system, and we are hoping that many of the outside readers of *SUNLINER NEWS* will take the hint and fly Frontier to their choice vacation spot.
