Deepest sympathies to the family including the extended family in his life. I will always remember him as strong and handsome in his uniform at Easter and Thanksgiving holidays. A memory shared by my mother (his youngest sister) of how proud she was when he would give her a ride to school on his motorcycle. Then later to begin teaching her to ride only to be interrupted by the war. Prayers with you all.

My sincerest condolences to the family. May the strength and peace that only God can give comfort you during this difficult time.

George gave me flying instructions in a Luscombe 8A and a Piper Cub. He was the most calm person I have ever known despite my terrible flying. Some how I managed to get my private license but it would have never happened without him. I have always had pleasant memories of those early flying days.

May George Sr. rest in peace he truly lived a wonderful life filled with great adventures. He was a person that was loved and will never be forgotten. He was gifted with two wonderful sons that were there for him to the end.
