Very sorry to here about George. I flew as a co-pilot a few times with him and always had a great trip with a lot of laughs. I will never forget about him being so excited about an automatic bb gun one time. He always had something fun to talk about. One of my favorite guys to fly with. We will all miss him. Tom

To all who knew George, he will be missed. He was always a Hoot and a good stick. Frontier had many pilots who were outstanding at their craft but were great citizens, as well. George will be remembered as both.
