Dear Jake,

Thanks for all your work and especially on your updating George Terryberry's memorial info.

I'm not sure if George started in K.C. but I worked with him from mid 1971 to mid 1979 when I transferred to Tucson as a SSA under Royal Burt.

At one of our FL Christmas parties ~~George~~ George won domestic passes on TWA and I won international passes on BOAC. We discussed trading passes until we thought about using the passes together. Somehow we talked our wives into that and away we went to New Zealand and Australia in Nov. 1972. That happened to be when the airport moved from MKC to MCI.

On our trip down-under I don't remember if George was much of a body surfer but I can remember he was a terrible driver. Maybe it was the fact he was not used to driving on the "wrong" side and the roundabouts.

Anyway his driving was short-lived. Even with that we had a great time.

And now at the age of 70 my favorite birthday card came from George. Enclosed is a copy. I always teased George if he wasn't nice to me I would put this card in a new envelope and deliver it to our manager - Jim Moore. That got his attention. Take care and thanks again - Glenn
