

**HOWARD L. SCHATZ**  
**Sep 14, 1945 - Dec 12, 2023**

It's with a heavy heart that I inform everyone of Howard Schatz's passing on the evening of December 12, 2023 from an apparent heart attack in Park City, Utah.

Howard worked for Frontier Airlines for over 11 years, starting in 1974 in SLC, as an Inflight Supervisor. He held various positions at FL from station manager in SNA, SCK and GUP to Sales and Marketing at the GO.

In 1985, Howard moved to LAX to work for Air New Zealand in Sales/Marketing and stayed with Air NZ until his retirement. He retired to his favorite town of Park City, UT where he worked on the Ski Patrol and later as a Mountain Ski Host at Deer Valley.

Howard participated in various Iron Man triathlons over the years as well. He loved running, hiking, skiing and biking.

Howard was a prince of a man, always polite, self deprecating, ready to offer a hand up to anyone that needed it, trustworthy and loved by all.

Gone but not Forgotten.
