Dear Carolyn and family, We are so sorry for your loss; we can only imagine the struggle of your mind and heart. We don't know the adequate words to say... but we simply had to reach across the miles to pass thru to wrap our arms around your family and convey our love! You have known the love and companionship of your beloved husband and father for so many years and have been his constant running partner in this race for life. It may feel unimaginable at times to run without him, but we know that your heart is assured that as you continue on in faith, you are running toward him, and you will make him proud of the way that you kept integrity in spite of the mountainous trial in front of you. Please be assured of love and prayers in your behalf!

Uncle Ike was a joy to be around and he allowed me and my family to share many special visits with his family and that meant the whole to us. He will be missed!

To the McKeown Family, I am so sorry for your loss. I didn't have the privledge of knowing Isom. But I do know his daughters Kim and Camille. He did such a good job of raising them. He must have been very proud of them. He must have been a strong, yet gentle spiritual man. I can only try to feel your grief as a wife. But Kim and Camille I do feel your grief as a daughter. Stay strong and take one day at a time. Jehovah is with you and he will be your stronghold. Your sister in the faith, Darlene Martino

Dear McKeown Family, thank you for your sacrifices over the years. You have touch us all in unique ways. We must continue to strengthen ourselves with the only true hope provided by our God Jehovah and his son Jesus. (1 Samuel 20:18) And Jon'a•than went on to say to him: "Tomorrow is new moon, and you will certainly be missed, because your seat will be vacant. (Ecclesiastes 7:1) A name is better than good oil, and the day of death than the day of one's being born.
