I first met Jim when I was working at the Conway Airport as a teenager. Jim became one of my mentors and I can say that I wouldn't be flying an Airbus today if it weren't for men like Jim helping me along the way. Jim leaves behind a great legacy and I'm proud to have known him. Our thoughts and prayers are with the Hicks family.  
Rob Quinn - September 06 at 10:34 AM

Loved working with Jim and you-Suzie in our Masonic Events. I lit the blue candle in memory of all of our events together. Mary and I send our prayers for God to comfort you and your family at this time.

45 years ago Jim became the best pilot instructor I had flown with - and I had three before him. He was GREAT. The day I soloed, I was so unsure I was ready...But Jim had all the confidence in me - he instilled CONFIDENCE. I flew several hours with him, got my checkride prep with him and made it in "flying colors". He was a great guy. May he "soar with the Heavenly Angels". May God give comfort to all the family - whom I did not know - but I did know a Great Man, Husband, Father, Grandfather, Delta Employee, Pilot Instructor and Friend.

Reflecting back on the good times I had flying with Jim. Good memories that will last. As Jim flies West may perpetual light shine on him. May God Bless the family in this time of loss.

Jim was always very kind to me and his laugh was infectious. I will always remember the Jayco campers as we caravanned to the Lake or Florida for fun in the sun, great food, and wonderful fellowship. I am truly blessed to have known Jim and I will pray for comfort for the family during this difficult transition.
