As many who knew Jim, they will remember him, as I do, as "Gentleman Jim". He was a pleasure to fly with as well as to socialize with. He was a good pilot and leader of his crew on every trip I flew co-pilot for him. My condolences to his wife and family in this time of grief. He will be missed.

As a young co-pilot at Central Airlines I soon realized that Jim was one of the finest men employed there. Over the years I grew to respect his devotion to family and his expert ability to fly the DC-3. I will always remember Captain Lankton. God bless the family.....Hugh Barron

Kindest regards to the Lankton family To Scott, a devoted son, giving to his father and mother daily. To Kelly, the kindest and most giving daughter in law, always cooking and caring for Scott's family and being the support Scott needs. May Willard rest in peace knowing he was loved dearly. Threta
