

**Memories & Condolences  
Of Lary Heinbaugh  
1941 - 2021**

We are heartbroken hearing of the news of Lary's passing. Lary was an amazing Father figure to my brother Harper and I and has been there for my family since we were children. He taught us in his actions to be giving, loving, funny, caring, kind, be yourself, dependable, a hard worker, a joker, passionate, and devoted.

Our lives have forever been changed because of Lary and we feel so Blessed to have spent so much time with him over the years. He will always have a piece of all our hearts. I'm so grateful I was able to keep in touch with Lary. Lary we will never forget all our times going out to eat with you at Olive Garden, Senor Rics, White Fence Farm, Le Peep, Dozens, Soup & Salad, Taco House, and the Golden Wok. Your love for Nissans. How organized and clean you were.

You always being there for us. Your care packages you gave us with Melaleuca (you sure loved those products). You hiding in our bathroom when we weren't home to try and scare us with an old man mask. Going on walks with you and exploring nature. Watching TV with you.

Your love for working for Frontier and taking us to look at the airplanes at the airport. Your time with RTD & King Soopers. Your passion for music and radio talk shows. You taking us with you to your family functions. Your love for our country and your service. Your love for life. You never forgot to give us a birthday cake and presents. Your love for MLM companies. You helping Harper to learn to drive. You always taking us to parks.

You were always very sharp and up to date on worldly news. Your love for us. Our memories go on and on. We look forward to the day when we will see you again. Thank you Lary for loving us and treating us like we were your own children. Our deepest heartfelt condolences and prayers go out to all of Lary's family. Lary talked often about his family and his love for them.

Much Love,

Heidi Johnson, Harper Wilt, & Dot

We knew Lary many years. How could anyone forget him who knew him. I first met him when my husband invited him and his then wife, Sandi to our house for dinner over 50 years ago. He definitely was a character. May he Rest In Peace.

I was a Stewardess/ Flight Attendant for Frontier Airlines from 1969-1986. I transferred to Denver in 1975. I remember Lary well. He brought excellence to his job in caring for passenger's belongings. I think he got more purple letters than any of us for returning a lost item and customer service. A really great guy...now he flies with angels!

We were co-workers at Frontier Airlines for many years in Denver, and during those years we enjoyed taking FAM trips together, one that stands out is our trip on TWA it was for 2 days 1 night to New York, after we arrived & checked in to hotel we decided to go try the subway system & find a bar for some drinks, we jumped on the subway thinking we had figured out where we wanted to go, as we had several beers at hotel & we both needed the bathroom bad at this point we got off subway and seen we were in Greenwich Village, now this was in the mid 1970's and after 10 or 11 at nite, the only thing we seen open was a not so good looking bar, we went in & yes it was a gay bar, we didn't stay very long & also during those years New York was very high crime & we were not sure how to get back on subway in right direction so we were going to walk well it was very dark & scary only had street lites every few blocks, as we were walking toward the hotel we passed several cops at a bodego & we asked what was going on, they said a murder just happened...well we ran as fast as we could back to hotel which was 20-25 blocks... we did not leave hotel until flight back to Denver & never went back to New York again. We have been friends all these years...RIP Lary
