MASTER CHARGE LAUDS LOIS DAVID

Denver Ticket Counter Agent Lois David saved Frontier and the Master Charge Credit Card Agency some \$400 recently when she recognized a "hot" Master Charge card which was being used to cover travel expenses on Frontier Airlines.

While those individuals using the sought-after credit card were moving fast, Lois was able to move a little faster. As a result, the four individuals were asked to deplane prior to departure at which time the credit card was confiscated and the particulars turned over to proper authorities.

Master Charge awarded Lois a \$25 reward for her Positive Performance.
