Sad news! Captain Phil Huebner passed away September 29, 2024 in Colorado Springs with daughter Georgia and family by his side.

He had been in Hospice. He had diabetes, and heart problems.

He was born in 1942 in Montana.

Phil was a captain for Frontier Airlines - started flying with them in May of 1967.

Then he flew with Continental Airlines until about 2002 & retired as captain.

He was good friend of mine, and well known & loved by all at Frontier. One of the Good guys!

Phil and I worked on Salmon River as white water guides for Captain Woody Hassinger FAL, 1975-1979.
