Ron was one of my favorite pilots. He made our trips enjoyable. He will be missed by many people. Thanks for selling the camper to us.

Neddie, Ron, Dawn, Bailey and Gage: The Johnson family has been thinking about you every day. Reading Ron's story in his obituary was very special - he lived a full life, was surrounded by people he loved, he did things he loved - I expect his life in heaven will be just the same! I know how much you loved your husband, your father, your father-in-law and your grandpa - his impact will be forever in your lives - that's a blessing. All our love

Neddie and RE, I am down hearted by the loss of my very good friend Ronnie. We became and stayed friends when we both came to Frontier Airlines in Denver. Changes in the Airlines caused Ronnie and I to be relocated to other cities, always maintaining our homes in Denver. He always made it feel like you were still in Denver. He was a great room mate and a pure pleasure to be around. Those times were tough on all of us who had to commute, but Ronnie always somehow took the sting out of it. I know God will have an Angel job for you, Ronnie, so keep an eye on me. May God bless you Ronnie and your beautiful family. I'll see you again, but this time we won't have to commute. Prayers and blessings to you both.....John and Sheryl Winter

Dear Combs Family, Our thoughts and prayers are with you during this sad time. Losing a husband/father/grandfather is a life changing event that you never "get over" but instead learn to live with. We extend our deepest sympathy to all of you.

I am deeply saddened at the loss of my good friend of 50 years. We met when he first came to Odessa and I was finishing my Commercial and Instructors License preparation, so I hired him to do my prep and sign me off to take the check rides. A few months later I also became employed where he worked. We spent a lot of time together flying, shooting pool after work or singing and guitar playing at our boss' home. We taught ourselves to fly tight formation when returning from an afternoon of instructing at another small town where we had several students on Saturdays and flying across Odessa in formation would always bring a small crowd to the airport to see what was going on. I have so many fond memories of those long gone days working with Ron I wouldn't really know where to start. Ron was an excellent pilot, easy going "GOOD GUY" and my close friend. Our careers took us to different parts of the world, but we never lost contact with each other. Rest in Peace my friend, and may Neddie, R.E. and family find Peace as well in the days to come, and the sadness ease with time.

Lyn

Mom Combs, Ron (Jr), Dawn, Bailey, (new addition) Kenn and Gage: My thoughts and prayers are with your family at this time of loss. I will remember Mr. Combs as a strong leader and great role model. He was gracious and kind hearted. He loved his family and the new addition to the family (Kenn). He raised his son and guided him, giving his son the best gifts a father can give which is love and guidance. Ron (Jr) has made his father proud and become the leader and role model like his dad was. Ron was always good for a story and a laugh at the boat docks. Mom Combs would bring the cookies and snacks. We would share stories of sailing, flying or even a few about raising Ron. I will miss those times and more. Till we meet again,

Ken Hurst

Please accept my sympathy for the loss of Ron. Ron was a fantastic instructor and a great pilot. I have fond memories of flying with him while working on my private license. I will miss our email relationship. Ron was a great guy and he will be missed.

Please accept our very deepest sympathies for the loss of Ron. Although we did not know Ron personally, he obviously instilled in his son, and our very good friend, Ron a love and respect for country as well as a healthy dose of love of sailing and adventure. In reading the obituary, it appears that while Ron was taken way too early, he was blessed with a full, exciting and rewarding life. It is clear he was very much loved and will be missed. Our condolences to all in your family,

Kenn Carpenter

Thank you for accepting me into the family. I was honored to be able to meet you and hear about all the accomplishments and stories you had. I really enjoyed talking shop and cars with you. I look forward to the day we meet again because there are no "goodbyes", only "until the next time we meet".
