Yes, so sad that she has flown West. There was no better customer service than old Frontier. We were taught by the best. I live in Englewood now. We've been here since 1996.

Shirley was a beautiful person and she was so upbeat. I mostly remember a smile that would light up a room. I know she will be so missed by her family and friends but hopefully as time passes the memory of her smile will bring joy to their days.

My mother always loved unconditionally she always thought of the others first and quite frankly she was a blast. She had a stroke about a decade ago and she was still spunky always full of laughter joy happiness and compassionate and full of gratitude. In my lifetime I have never met a woman who had such a strong will to live Through God's eyes. I just wanted everybody to know that she went peacefully and then within 30 minutes she had a smile on her face. I will miss her greatly she was my best friend the best mother A man could have. And trust me there was never a dull moment traveling around the world with her. And all those funny stories about those irate passengers. She was loved by all of ya"ok will miss her greatly love Brad
