

WALT RUEHLE
May 7, 1930 - Aug 11, 2022

Oct 23, 2022

I talked to Jane, Walt's wife today. Walt was 92 years old, born May 7, 1930. He was having kidney & heart problems, also couldn't hear or see very well. She said he went to sleep on Saturday 10-8-22, didn't really wake up. Died Tuesday, 10-11-22 . He has 2 Nephews in Boulder, Co.

He & Jane have a hangar at Front Range Spaceport, a Cub airplane, she still flies quite often.

They were married for 53 years. She plans to stay in same home near Cherry Creek Park in Aurora.

A Memorial will be held at Stan Peter's Hangar, soon as Bill Watkins & I come up with a date. Anything is fine with her.

Walter was a one of the best of Frontier, a legend and true friend.
